

Wow! Can you believe the first week of school is already gone? The students have been really working. There were many team building activities and getting into the classroom routine. We will continue to build on these strengths as we continue to focus on the curriculum.

Curriculum: We will work on the following for the next few weeks:

Reading: Asking and answering questions

Math: (1) Fluently add and subtracting within 20. (2) One and two step word problems.

Social Studies: Community

Below is an example of our daily class schedule.

Please let me know how your children will get home. If you change their transportation, please call the office or write a note. Please do not send me an email if you change their form of transportation on the same day, as I do not want to miss this important message.

Class Expectations

We will continue to establish our classroom routines and expectations. Please bear

with us as we get to know each other and build our class community. I will send home a letter explaining our class expectations once I feel the students have a good understanding of what behavior is expected.

Monday Folders and Homework Folders

The students will bring home their Monday folder on Mondays. This folder will have important information you need to know. Students will also have a separate folder for homework. The homework folder will also have a parent /teacher communication sheet in it. I will send you a message when we start homework and the daily communication folder. I want to explain the process to the students first before I send home the homework.

Please bear with us as the students work on putting their homework in their own folders and bringing their work home.
